

LECTURE 4
ENGLISH WRITING : SYNONYMY
DR.HERLINA JAYADIANTI.ST.MT

ACCEPT APOLOGIES

Don't mention it

I quite understand

It's okey

Forget about it

That's OK

Don't worry

Never mind

HURRY UP

Come on

Shake a leg

Snap it up

There is no time to lose

Put your skates on

Let's pick up the pace

Chop-chop

HOW ARE YOU

How are things?

How do you do

How's life

What's up?

Howdy?

How's it going?

How have you been?

YOU SEEM FAMILIAR

Your name rings a bell

You remind me of someone

Have we met before?

Do I know you from somewhere?

Is this the first time we are meeting?

I'm sure I've seen you before

I AM SORRY

Pardon me for this

It's all my fault

Sorry about that

I'm terribly sorry for...

I apologize for...

I beg your pardon

BEAUTIFUL : SENTENCES

Your Beauty is incomparable

You have looks to die for

I can't take my eyes off of you

You are beyond gorgeous
